Graduate / Design Civil & Structural Engineer

Position Title: Graduate / Design Engineer (0-2 years' experience)

Location: Limerick City

Company: Founded in 2006, DRA Consulting Engineers are an established firm of Consulting Civil & Structural Engineers & Project Managers with offices in Dublin, Limerick and Wexford. As part of our continued growth and commitment to using the latest in construction technology developments, we are building a team of motivated and ambitious people for the Limerick Office.

We provide services to both private & public sector clients with an emphasis on economical design, sustainability and a client focused approach. Our projects portfolio includes residential, commercial, educational & civil infrastructure. We also have particular expertise and experience in civil & structural engineering, project management, high-rise construction, conservation engineering, construction law & contract administration. Please see our website for more details: www.draconsulting.ie

Job Specification:

The role will involve the following:

- Civil & Structural Engineering Design & production of drawings using Revit & AutoCAD.
- Assisting Project Engineers / Senior Engineers with administration & project management of projects.
- Liaising with clients, design team members and other members of staff.
- Use of draughting / modelling software including AutoCAD, Revit, CADS RC.

The Successful Candidate - Requirements:

The successful candidate must meet the following requirements in terms of skills and attributes:

- An honours degree in Civil or Structural Engineering.
- Be a member (or become a member) of Engineers Ireland or the Institute of Structural Engineers.
- Competent in the use of AutoCAD drafting software.
- Proficient in Microsoft office applications including Outlook, Word and Excel.
- Experience with civil & structural design software is desirable.
- Excellent communication and organisational skills.
- Excellent problem-solving skills and in the development of design solutions.
- Self-motivated, career focused and with ambitions to reach chartered engineer status.
- Cooperative and flexible approach to work.

Why Join Us

At DRA, we provide a modern, diverse and inclusive workplace where each individual and their ambitions is valued. We offer a defined and structured career path, where individual achievement and progression is rewarded and technical advancement is encouraged at every stage of your career within a collaborative team environment.

Our one-on-one Mentoring Program encourages and supports the achievement of Chartered Engineer status by all graduate engineers. We take the professional development of our staff seriously because to deliver a high-quality service we add high-quality people to our team.
