

## Job Description CAD Technician & RC Detailer

**Position Title:** CAD Technician & RC Detailer (2+ years' experience)

**Company:** Founded in 2006, Dennany Reidy Associates (DRA) are a firm of Consulting Civil & Structural Engineers and Project Managers with offices in Limerick & Dublin. As part of our continued growth, we are opening another office in Wexford in October 2019. We provide services to both private & public sector clients with an emphasis on economical design, sustainability and a client focused approach. Our projects portfolio includes residential, commercial, educational, civil infrastructure, utilities and renewable energy. We also have particular expertise and experience in project management, high-rise construction, conservation engineering, construction law & contract administration. Please see our website for more details: [www.dennanyreidy.ie](http://www.dennanyreidy.ie)

**Location:** Limerick City

**Reporting to:** Company Directors / Senior Engineers

### **Job Specification:**

The role will involve the following:

- Production of civil & structural engineering drawings using Autocad.
- Production of reinforced concrete drawings & bar bending schedules using CADS RC.
- Use of design software including Revit & Civils 3D.
- Assisting Senior Engineers / Director with administration & project management of projects.
- Liaising with clients, design team members and other members of staff.
- Keeping up to date with industry developments, innovations and the technology utilised by consulting engineering professionals. Continued Professional Development training provided by the company.

### **The Successful Candidate - Requirements:**

The successful candidate must meet the following requirements in terms of skills and attributes:

- An honours diploma in Civil or Structural Engineering.
- Minimum of 2 years experience in the field of consulting civil & structural engineering
- Competent in the use of AutoCAD and Revit drafting and modelling software.
- Competent in the use of CADS RC or similar RC detailing software.
- Proficient in Microsoft office applications including Outlook, Word and Excel.
- Experience as a BIM manager an advantage.
- Experience with Autodesk Civils 3D an advantage.
- Excellent communication and organisational skills.
- Excellent problem solving skills and in the development of design solutions.
- Self-motivated, career focused and good team member.

### **Why Join Us**

At DRA, we provide a modern, diverse and inclusive workplace where each individual and their ambitions is valued. We offer a defined and structured career path, where individual achievement and progression is rewarded and technical advancement is encouraged at every stage of your career within a collaborative team environment.

Our one-on-one Mentoring Program encourages and supports the achievement of Chartered Engineer status by all graduate engineers. We take the professional development of our staff seriously because to deliver a high-quality service we need high-quality people.

And it's not all work and no play, we understand the importance of work life balance. Our Social Committee organises an array of sporting and social events throughout the year where staff and their families can interact outside the working environment. So why not contact us to discover the career opportunities and benefits available to you at DRA?
