

Job Description Project Civil & Structural Engineer

Position Title: Project Civil & Structural Engineer (2+ years' experience)

Company: Founded in 2006, Dennany Reidy Associates (DRA) are Consulting Civil & Structural Engineers and Project Managers with offices in Limerick & Dublin. As part of our continued growth, we have opened another office in Wexford. We are putting together a team of motivated and ambitious people for the Wexford Office which will be lead by Associate Director, Brian Healy.

We provide services to both private & public sector clients with an emphasis on economical design, sustainability and a client focused approach. Our projects portfolio includes residential, commercial, educational, civil infrastructure, utilities and renewable energy. We also have particular expertise and experience in project management, high-rise construction, conservation engineering, construction law & contract administration. Please see our website for more details: www.dennanyreidy.ie

Location: Wexford Town

Reporting to: Company Director / Senior Engineers

- Civil & Structural Engineering Design, Project Management, Building Refurbishment and Surveying.
- Use of design software including CADS suite, SCIA engineer, AutoCAD, Robot & Revit.
- Preparation of civil & structural engineering drawings using AutoCAD.
- Administration & project management of projects.
- Liaising with clients, design team members and other members of staff.

The Successful Candidate - Requirements:

The successful candidate must meet the following requirements in terms of skills and attributes:

- An honours degree in Civil or Structural Engineering.
- Minimum of 2+ years' experience in the field of consulting civil & structural engineering.
- Be a member (or become a member) of Engineers Ireland or the Institute of Structural Engineers.
- Competent in the use of AutoCAD drafting software.
- Proficient in Microsoft office applications including Outlook, Word and Excel.
- Experience with civil & structural design software is desirable.
- Excellent communication and organisational skills.
- Excellent problem solving skills and in the development of design solutions.
- Self-motivated, career focused and with ambitions to reach chartered engineer status.

Why Join Us

At DRA, we provide a modern, diverse and inclusive workplace where each individual and their ambitions is valued. We offer a defined and structured career path, where individual achievement and progression is rewarded and technical advancement is encouraged at every stage of your career within a collaborative team environment.

Our one-on-one Mentoring Program encourages and supports the achievement of Chartered Engineer status by all graduate engineers. We take the professional development of our staff seriously because to deliver a high-quality service we need high-quality people.

And it's not all work and no play, we understand the importance of work life balance. Our Social Committee organises an array of sporting and social events throughout the year where staff and their families can interact outside the working environment. So why not contact us to discover the career opportunities and benefits available to you at DRA?
